8.7 /10

The AIMS is well equipped with all the modern facilities and has one of the best infrastructures in the region. The college is lashed with well-equipped academic buildings, with airy and feel fresh classrooms and gender sensitive hostels; the institute is also equipped with computer and communication lab. Overall the experience gained in AIMS is one to be remembered in life.

Admission -

8.3 /10

Overall, I would say I had a lot of fun at my college. I met a lot of new friends and gained a lot of knowledge as well. My college infrastructure is well equipped with facilities. The campus is not that big but we have all we need though.

[Akshaya Institute Review](#)

Admission -

9.3 /10

AIMS College is a place where you find the intersection of different cultures. Sports day is celebrated with high enthusiasm, though students prepare for the day during the entire year, allowing them to balance their studies and fun part of life. Computer labs and almost the entire campus is wi-fi enabled.

STUDENT SATISFACTION RATINGS

[My Master's Review](#)

Admission -

Admission is on the basis of the TAN CET entrance test which is a state-level entrance test. A merit list is released on the basis of the test scores. The cut-off was pretty low during my batch. Students who made it to the list are invited for the counseling process.

Placement -

10 /10

Placements are pretty ordinary, but the college is trying to improve corporate connections and placements. They do have a placement cell, whose role is to create job opportunities for the students. The placement cell has ties with some decent companies like Tech Mahindra, IDBI, SRM Infotech, Bajaj Allianz, etc.

Opportunity to grow

Admission -

8.5 /10

My overall experience at AIMS is good, I had a lot of fun. Even though my college is not a big institution, it is fully packed with students and we have every facility we need. The infrastructure is also very nice, we have a very updated library which is very helpful for the students.
