Admission -

7.2 /10

College is situated in the heart of a beautiful city. Faculties are good. If your preference is research based work rather than just scoring marks, you may want to rethink. Overall management is good. If you make payments on time, stay calm and quite, you can easily survive 4 years but again Fun will be missing.

College is good with some better teaching faculty with Good infrastructure in the classroom as well as in the lab Campus is eco friendly With good canteen facilities We also have some fun in the campus It is like learning with a fun Overall it is good Good Transportation facility it is very helpful for the localities. We have high-speed wifi connection in our college which helps us in academics. college is full disciplined and it do not encourage the raging like activities and it also supports cultural activity and even in the sports field also. Good teaching faculty.

As this college was very close to my native,this was the first reason and this college offers good trainings and co curriculum activities and all the lecture of this college are good at communication.I opted Mechanical engineering course.

Placement -

7 /10

We have very ample amount of placement opportunities in our college. Companies like Infosys,TCS,Cognizant and much other placement drives visit our college.

It is near to my home town. And the institute is having good education and good surrounding around the college. And placement sessions are good and the training sessions are good which is interactive classes every time. And they will conduct all the webinars which will include new technologies.

Placement -

10 /10

The placements are good in our college. All the branches will have opportunity to attend the placements and get placed in the company. The training will give from college for getting prepared for the placements.

STUDENT SATISFACTION RATINGS

Good

Admission -

As I had completed my diploma after my 10th I had to choose engineering, I got the seat through CET conducted by KEA where 50k students take the exam to fill in the college's around the state, we had to select the college using priority basis by computer allocation.

Placement -

5 /10

Good for IT students like CS, IS and EC, while we used to study several companies used to recruit like TCS, Infosys, Triveni turbines, Tech Mahindra, Wipro, Capgemini, Igate, Ntt Data, Amazon etc.
