STUDENT SATISFACTION RATINGS

Good.

**Admission -**

5.7 /10

Good and quite atmosphere. Principal and authority of our college not useful to attract student to college. And some class rooms also not good. Other private institutions are also placed in our college it's not good as far as I think so. Faculty and Facilities of college should get better and I hope they will improve soon.

STUDENT SATISFACTION RATINGS

**Course Curriculum -**

BCOM computers course selected for the class and the college. Good faculty and facilities for BCOM students at college. There are much more groups in this college. Qualification of the faculty is above 20 years. Blackboard and Digi classes teaching method. At present online and offline classes are happening simultaneously. Weekly exams are conducted. Tests percentage is calculated. According to students' results, they use to focus on the improvement of students and studies. It is tough to pass weekly exams.

first I'll fill bad remarks. we don't have proper bike parking and we don't have ground. they campus is close to main road so during the classes we get little bit of problems with outside sounds.

**Placement -**

5 /10

The placements in our college was good compared to other colleges at the time of placements time our college faculty will explain the total details of the placements and they will provide the basis according to the job placements the internship is very good and the experience is also not bad

### **Entrance Preview -**

M.sc(elec) entrance test from osmania university. We are the 2nd batch when O.U started M.sc(elec). So randomly chose the college.

### **Placement -**

4 /10

Placements are not good at our times initially as it was only the 2nd year after OU started electronics course in Msc. As far as I remember only one company came for campus placement.
